Directions

From the OH-315 exit, we are located on the north (right) side of Bethel Rd. The sleep lab entrance is located on the west side of the OhioENT building. If you are heading east on Bethel Rd. (toward OH-315), you will not be able to turn left into our parking lot. You will see a traffic light immediately after passing our building. Turn left at the traffic light on to Jason Ave. Go straight into the parking lot of the surgery center. Turn left as the parking lot ends. Continue straight through the parking lot until you come to a stop sign. Proceed through the stop sign. You will be in the back parking lot of the Ohio ENT building, continue to the Westside of the building. Use the West entrance door to enter the facility. If this door is locked, please use the intercom located next to the door.

While our lab site at the center is handicap accessible, if you have special needs for the sleep center, please call us prior to your appointment, 614-259-6770. We have showers and wireless internet available at all of our sites.
